[Saturday 9/29 8:45am](#)

We greatly appreciate everyone working with us to make sure training is up to date. It is very important for your safety as well as the guest's that you know the updated routes and procedures.

## Hamilton Update

Thank you all for your incredible work at Hamilton the last two weeks! It is a challenging assignment, but it is so rewarding to see such an excited and motivated audience!

We still have significant needs for volunteers for the remainder of the run, you will see that we need another 20 people for this Saturday evening alone. Any additional help you can offer us is greatly appreciated!

We are also receiving a number of comments about people taking photos and singing or talking during the show. If you are seating guests at a Hamilton performance, we would like you to remind them about our policies as you walk them to their seats.

**“As a reminder, no photography or video are allowed during the show, and we ask that everyone refrain from talking for the enjoyment of those around you.”**
