Patton Oswalt

A comedian, actor, and writer, Patton Oswalt continues to find success in all areas of entertainment. Oswalt continues to choose work that inspires him and entertains audiences. This past October, Oswalt released his special Annihilation on Netflix to critical acclaim as he addressed his own devastating loss and dealing with the unexplainable, while making it all painfully funny. Last year, he won the Emmy for "Outstanding Writing for a Variety Special" for his sixth comedy special Talking for Clapping (Netflix) and Grammy Award for his comedy album of the same name.

Welcome to Night Vale

Welcome to Night Vale is a twice-monthly podcast in the style of community updates for the small desert town of Night Vale, featuring local weather, news, announcements from the Sheriff's Secret Police, mysterious lights in the night sky, dark hooded figures with unknowable powers, and cultural events.
