Instructions

Over a six month period, Alexander Hamilton wrote 51 essay contributions to the Federalist Papers defending the U.S. Constitution. Challenge a friend and see if you can “write like you’re running out of time!”

You have 90 seconds per category to write down as many correct answers as possible. The person with the most total correct answers after all four categories are completed can claim ultimate *Hamilton* bragging rights as truly being “Non-Stop.” **HINT:** For some inspiration, you may want to listen to the *Hamilton* soundtrack while playing.
