ATTENDANCE PERCENTAGES EXPLAINED

We've had some questions regarding how percentages are calculated. Attendance percentage is based on a rolling year – for example 10/1/25 – 9/30/26.

Every cancellation (C) or no-show (N) counts against the percentage. Any extras (%) offset the cancellation or no-show. Leaves (L) and Releases do not affect the percentages. If your team is scheduled more than twice a month, you may request to be released from a performance by emailing redcoats@playhousesquare.org.

The person in the example below has 100% attendance for the time period shown. They have cancelled twice and volunteered as an extra twice.

Date	Status	Hours	Location	Show
09/29/26	A	4.75	S	DEATH BECOMES HER
09/22/26	C		S	DEATH BECOMES HER

EXTRAS AND THE SCHEDULE

We truly appreciate the enthusiasm of our volunteers who sign up to help with extra shows. Over the past nine months, however, more than **850** of these assignments have been canceled.

We understand that plans can change and unexpected situations occur. Before volunteering for an extra show, please take a moment to check your schedule and make sure you are available. Your consideration helps give every RedCoat or STAR a fair opportunity to volunteer and supports our efforts to provide a great experience for everyone.

Thank you for your understanding and continued dedication!
