ATTENDANCE PERCENTAGES EXPLAINED

We've had some questions regarding how percentages are calculated. Attendance percentage is based on a rolling year – for example 10/1/21 – 9/30/22.

Every cancellation (C) or no-show (N) counts against the percentage. Any extras (%) offset the cancellation or no-show. Leaves (L) and Releases do not affect the percentages. If your team is scheduled more than twice a month, you may request to be released from a performance.

The person in the example below has 100% attendance for the time period shown. They have cancelled twice and volunteered as an extra twice.

The commitment is an average of two shows per month.

Date	Status	Hours	Location	Project
3/17/2022	L		P	PRETTY WOMAN

BADGE CLIPS

We had over 90 potential volunteers attending Orientation this past weekend and are in desperate need of additional badge clips for the "Usher in Training" badges (see 10/12/22 weekly update for more information).

If you are no longer using your badge clip, and would like to turn it in, please give it to a house manager or drop it in the collection bowl in the new Volunteer Room! Thanks!

SERVICE PINS

Service pins should be worn as displayed in the picture to the right.

If you have not yet earned a 1,000 hour bar pin, the stars should be arranged as pictured over the square "P" pin.
