A Note from Meg, Volunteer Manager

FROZEN – FINALLY!

The wait is over! Disney magic and excitement has returned! Frozen is finally here at Playhouse Square – for four weeks! We are concluding our comeback season with this much anticipated blockbuster! Thank you in advance for volunteering for this show and for helping to be part of the magic for our guests.

We will certainly be seeing many young people – so break out the booster seats!

Included in the run will be our sensory friendly performance on Saturday September 3rd at 1:30. If you volunteered for one of these outstanding events in the past, you know how important and valuable this is for our families who have children with special needs. It adds a whole additional layer of magic for everyone!

YOU are all part of that magic – not just during FROZEN, but each day that you come and volunteer. Thank you for everything that you do – it is an honor to be part of the team with every one of you!

PIT RAIL POSITION

What is a Pit Rail position, you ask???

At the request of the Frozen Production, we will add an usher position next to the orchestra pit rail on aisles 2, 3, 4, & 5.

This important audience-facing position will be located at the orchestra rail before and after the show as well as during intermission.

To meet COVID protocols and provide space for the members of the orchestra, RedCoats will be asking guests to refrain from leaning over the orchestra pit.
