Playhouse Square is committed to ensuring that all individuals in the Cleveland community have the opportunity to experience the transformative power of the arts regardless of their age or ability. To further this commitment, the Community Engagement & Education Department will give individuals with autism, sensory challenges or developmental disabilities the opportunity to enjoy the fine arts by presenting a special sensory-friendly performance of *Mufaro's Beautiful Daughters*.

For individuals with sensory, social, and cognitive disabilities, a trip to the theater can be challenging. While entertaining for most audience members, the bright lights, big voices and over-the-top theatrics typical of a traditional theater experience can quickly lead to sensory overload. For this performance, Playhouse Square will transform the Ohio Theatre into a sensory-friendly, comfortable and judgment-free space that is welcoming to all.

Mufaro's Beautiful Daughters Description

When a great African king desires a wife, only the most perfect maidens in the land are invited to meet him. Mufaro's pride and joy, his two daughters of very different dispositions, travel through a mystical jungle and across a deep river to be presented to the king. Along the way, the two girls encounter a number of mysterious situations that unknowingly test their courage, kindness and strength of spirit.

Combining authentic African drumming, powerful choreography and thrilling original music, the splendor of Zimbabwe and the African continent comes to life on stage! After phenomenally successful tours in the 2008-09 & 2011-12 seasons that visited more than 60 cities, DCT returns once more with this musical adaptation of the Caldecott Award-winning *Cinderella* tale.
